

## Sea Eagle Point Pet Policy

Pet/pets are allowed at Sea Eagle Point under the following conditions:

1. It is necessary to obtain written approval from management.
2. There is a \$30 surcharge per pet.

### **Before you arrive:**

3. Pets must be house-trained and flea-free.
4. You must bring your own flea-free bedding and food bowls for your pets.
5. Ticks are in this area. Tick bites can be fatal. The most effective way to protect your pet is to treat it against ticks before you arrive or check it regularly for ticks. We recommend Frontline to protect your pet from ticks.
6. Be aware that there are snakes on the property.

Local vet available 24 hours: **02 6555 2555**

### **Behaviour:**

7. Please ensure that your pet does not harass any animals on the property.
8. Do not allow your pet to harass native birds and wildlife.
9. Your pets must always stay under control or on a lead. If other guests bring pets to the property during your stay you must always have them on a lead.
10. At night, pets must be tied up on the deck or kept inside.

### **Property**

11. Pets are not permitted on the furniture, including beds, chairs, sofas etc. If it is not possible to rely on the pet to stay off furniture they must be tied up.
12. Upon leaving, please remove all pet hair from the house using the vacuum cleaner.
13. All pet droppings must be cleaned up from lawn areas and paths where others may walk. If they are not picked up, you will be charged \$50 per hour for someone to collect the droppings.
14. Damage caused by your pet/s will be deducted from the bond.

Thank you for your booking at Sea Eagle Point.

We hope you and your pet have a wonderful stay.

Regards,

Miriam van Lith
